Electric Aggregation Program Frequently Asked Questions

Overview of Municipal Aggregation

What is Municipal Aggregation?

Illinois law allows municipalities and counties to negotiate the purchase price of electricity on behalf of residential and small business utility customers living within their borders. While these governmental entities choosing community aggregation would be responsible for negotiating the price of power from a supplier other than the traditional utility, your utility would still be responsible for delivering that power to your home, and billing you for it.

How can I get more information about the municipality or county's aggregation program?

Contact your municipality or county for information related to the referendum and the aggregation program. Additional resources can be found at:

<http://www.homefieldenergy.com/homefield/municipal-aggregation/communities-we-serve>

Eligibility and Enrollment

Who is eligible to participate?

Residential or small business customers located in the participating governmental entity boundaries may participate. Customers enrolled in real time pricing, Power Smart Pricing, or served by an alternative retail supplier may not be eligible.

How do I enroll?

It's simple. It's automatic. Unless you "opt-out" of the program, your eligible Ameren Illinois customer account will be enrolled in the program. You will receive a "switch" letter from your utility, Ameren Illinois, confirming your enrollment.

Do I have to participate in the municipal or county aggregation plan?

All eligible Ameren Illinois utility customers within the municipal or county boundaries will receive an opt-out notification letter via U.S. mail. You may "opt-out" by returning the Opt-Out card by the deadline date identified in your notification. If you choose to opt-out, your account remains with Ameren Illinois at the current utility rate.

What if I decide to opt-out after the opt-out deadlines have passed?

You may opt out at any time by calling our toll free number or sending us an email.
